LANCE DE VERA

Pias, Mapandan, Pangasinan | 09950244311 | dvlance112208@gmail.com

PROFESSIONAL SUMMARY

BSIT (Network and Security) student with hands-on technical experience in backend development, workflow automation, and AI-assisted tooling, complemented by remote data entry and e-commerce support work. Known for fast learning, strong attention to detail, and reliable execution across varied technical tasks.

SKILLS

- Backend Development (Authentication Systems, Node.js, Express.js, MongoDB)
- Workflow Automation (n8n)
- AI Image Generation (ComfyUI / Stable Diffusion workflows)
- E-commerce Listing Management (Shopify, Etsy)
- Data Entry & Encoding
- Typing Accuracy & Document Management
- Microsoft Word & Excel
- Attention to Detail, Time Management, Computer Literacy

PROJECTS

Authentication System (Backend)*July 2026*

- Built a backend authentication system with user registration, login, and session management
- Technologies used: Node.js, Express.js, MongoDB

Automated Image Generation Workflow (n8n)*May 2026*

- Designed and built an automation workflow in n8n to streamline AI-based product image generation
- Workflow was developed and tested but not deployed to production due to budget constraints for API usage

WORK EXPERIENCE

Data Entry Specialist | Diebai.it (Real Estate, Italy — Remote)*July 2026 – Present*

- Perform accurate data entry and encoding of property and real estate records for an Italy-based real estate company
- Maintain data accuracy and consistency across listings and internal systems
- Work independently in a remote role requiring reliability and close attention to detail

Product Image Generator & Listing Support | Maison Loire (Shopify Store)*May 2026 – Jun 2026*

- Created AI-generated product images for Maison Loire's Shopify store
- Managed product listing uploads, including images and descriptions, to support online sales

AI Product Image Generator | Etsy Store Listings (Freelance)*Apr 2026 – May 2026*

- Produced AI-generated product images for Etsy store listings, ensuring consistent quality and presentation
- Handled the end-to-end image creation workflow, from prompt design to final output

LEADERSHIP EXPERIENCE

President | PIXELS Multimedia Arts Club*2025 – 2026*

- Managed documentation and digital content organization for organizational projects
- Coordinated members and ensured accurate submission of creative outputs
- Handled scheduling and task tracking for multimedia activities

Head of Photo Editing | PIXELS Multimedia Arts Club*2024 – 2025*

- Organized and edited digital files for school-based media projects
- Ensured accuracy and consistency in visual outputs and file management

EDUCATION

University of Cordilleras*2026 – Present*
Bachelor of Science in Information Technology, Major in Network and Security — 1st Year

PHINMA – University of Pangasinan
Senior High School, STEM Strand

ACHIEVEMENTS

- DSPC Bronze Medalist – Radio Broadcasting School
- Video Editing Competition Winner
- Consistent Academic Excellence (With High Honors)
- Chairperson in Multiple Events
